ORIGINAL BMW MOTORRAD ACCESSORIES

Storage options

Inner bags

Handy inner bags made from high-quality Nylon for the standard panniers. With stowable carrying handles, detachable shoulder strap and small parts pockets.

Large topcase

The large, waterproof topcase offers a volume of 49 l, i.e. enough for two helmets, and is fitted as standard with a backrest pad. It can be secured in one easy action directly onto the standard luggage grid. Single-key locking is available on request. The lid is painted in colour.

Small topcase

The small, waterproof topcase has 28 l of space, enough for one helmet. Backrest pad and single-key locking are available on request. It can be secured in one easy action onto the standard luggage grid.

Inner bag for topcase

Made from high-quality Nylon. With carrying handle and detachable shoulder strap. Available for the large and small topcase.

Tankbag

The volume of the water-protected main compartment can be increased from 13 l to 19 l. Under the waterproof map pocket is an additional pocket for small items. The tankbag can be easily connected to and disconnected from the standard rail, for example when filling up with fuel, thanks to its clever locking mechanism.

Soft bag 2, small

With a volume of 31 l and a capacity for a further 5 l, the soft bag offers plenty of additional storage space. It features a waterproof main compartment made from sturdy, easy-care material and can be secured to the luggage grid or the pillion seat with easy-to-operate securing locks.

Safety options

ASC (Automatic Stability Control)

This system, which can be disabled at any time, prevents the uncontrolled spinning of the rear wheel, thereby helping the rider on difficult terrain.

Anti-theft alarm system

The system responds to changes in position and jolts with a clearly-audible signal and flashing hazard warning system. Can be conveniently operated by remote control. Also available as a factory fitted option.

Tamper-proof oil filler cap

Small but effective: milled in aluminium, the tamper-proof cap protects against unauthorised access.

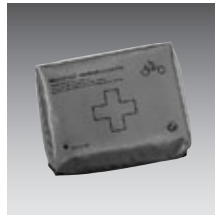

Aluminium cylinder head cover protection

Protects against scratches and knocks, thereby avoiding possible breakage of the exposed parts of the horizontally-opposed engine.

Plastic cylinder head cover protection

Protects exposed parts of the horizontally-opposed engine in the event of minor falls.

First aid kit

Complies with the DIN standard for motorcycle first aid kits. Space-saving and waterproof design.
